

## Glades Grid Classic To Be Played In Belle Glade Tonight

### RECENT OPERATIONS

By Paul Rardin

Again this week I want to extend a warm welcome to several dozen new readers who have joined our steadily growing subscription list since last week's paper was printed. Mrs. Albert Snyder of Pahokee is still on the job and each day she brings in a group of new names to be added to our list. To all the folks who have subscribed during the past few weeks, I want to say WELCOME to our family group and our organization will do our dead level best to keep you posted on what's going on in the community.

Folks continue to compliment us on the tabloid size of our newspaper. For the first few weeks after the change was made—we received letters and comments on the change. Then, there was a spell when we didn't have any compliments through the mail. And then they started again. We appreciate every one of them. We believe that the paper is much nicer looking in its tabloid size and with our new press we get a much clearer print—so, all in all, we do have a better paper.

A few days more than three years ago I went across the canal to Dow Geiger's Grocery Store for a cold drink and on my way I saw Whitt Brewton and Lester Young waiting for a ride to West Palm Beach. A newspaperman's curiosity caused me to ask them, where they were going. Whitt answered: "We're going to join the army." Join the army they did and during the three years they covered a lot of territory. I have a story about Whitt in my "Home from the War" column this week. But, what I was getting around to say was that yesterday afternoon I went across the canal to Dow Geiger's store and on my way I saw Whitt Brewton—home from the army he was going to join a little more than three years before.

### Frost Devastates Growing Bean Crop

A week end frost in the Lake Okechobee Region devastated a large percentage of the bean crops. It is impossible to estimate the damage but well informed growers say it will run far more than 40 per cent. The cold spell has continued since last Saturday morning.

The cold spell, which brought snow to the extreme Northern portions of the State, is not expected to be broken until Saturday, forecasts indicated. The outlook for this area promised considerable cloudiness, with little change in temperature Thursday, to be followed by fair weather Thursday night, with little change in temperature Friday.

The Federal State Frost Warning Service at Lakeland forecast scattered frost in some areas late Wednesday night and early Thursday, extending possibly into the Everglades and the Indian River Districts.

H. L. Speer, head of the Federal Employment Service for the Glades area, was laid up at his home with the flu the first of the week.

### Final Rites Held Tuesday, Dec. 4, For John S. Harrington

Final rites were conducted Tuesday afternoon for John S. Harrington, Sr., 52, who died suddenly at his Port Mayaca home on Thursday, Nov. 29. Rev. Oliver Hatfield, pastor of the Canal Point Methodist church and Rev. T. A. Ferguson, pastor of the Pahokee Methodist church, conducted the funeral and burial was made in Woodlawn cemetery in West Palm Beach. Graveside service was conducted by members of the Pahokee Masonic Lodge, of which Mr. Harrington was a member and a past master.

For nearly 20 years Mr. Harrington was connected with the mechanical department of the U. S. Sugar Corporation at Azucar as superintendent. He was an active civic worker, being a member of the Pahokee Rotary club. He was previously identified with Boy Scout work in the Glades for several years, holding many important offices in that organization.

The Harringtons lived in Canal Point for nearly 20 years where their children were reared and educated in Canal Point and Pahokee schools. The family was closely associated with activities of the local Methodist church, at all times taking an active part in the church work. Mr. Harrington at the time of his death was a member of the board of trustees of the Canal Point Methodist Church.

The funeral Tuesday afternoon, under the direction of the Berry Funeral Home in Pahokee, was held in the Canal Point Methodist church. Esteem in which Mr. Harrington was held in this community was evidenced by the many large crowd of friends who were in attendance but unable to get inside the church.

Mr. Harrington is survived by his wife, Mrs. Rachel Harrington, two sons, Lt. John S. Harrington, Jr., of the army and Donald E. Harrington of the Navy, and one daughter, Mrs. Kenneth Cooksey of Monticello.

Brothers are: J. B. Harrington of Atlanta, A. R. Harrington of Canal Point, Gaudin Harrington of Canal Point; sisters: Mrs. D. C. McRae and Mrs. Arnold Scruggs of Canal Point, Mrs. Roy Lawson and Mrs. E. J. Rizer of Morven, Ga. Mrs. B. P. Harrington, his mother, also survives.

Pallbearers were: Active: J. C. Weeks, M. D. Geiger, J. V. Thomas, J. W. Barrett, J. B. Cox, A. Q. Howell. Honorary: F. E. Bryant, W. P. Jernigan, Alf Neilson, Frank Shagnessy, G. L. Sims, Lou Betzner, Joe Cherry, L. L. Stuckey, Otto Biesch, Earl Maxson, Angus Miller, Joe Parker, C. Coburn, Frank Wilson, O. B. McClure, Frank Anderson, Dr. W. C. Young, Paul Rardin, Tom Kertland, Albert Fremd, E. E. Kelly, Fred Hickerson and George Kingsley.

### Holidays Set For School Students

Palm Beach County public schools will close after classes Wednesday, Dec. 19 for the Christmas holidays and students will return to classes Wednesday morning, Jan. 2, Dr. John I. Leonard superintendent, has announced.

Mr. and Mrs. H. L. Speer have as their guests this week Mrs. Speer's mother, Mrs. Harris.

The Pahokee Blue Devils go to Belle Glade tonight to play the Belle Glade Rams in the annual Glades football classic with the prized Lions Trophy at stake.

The Blue Devils, under the tutelage of Coach Clyde Alley, completed Wednesday afternoon their practice in preparation for tonight's game. They have been making a steady comeback since their midseason slump and almost upset the favored Lake Worth Trojans last Friday night by holding them to a 7 to 7 tie until the very last minute of the game when the Trojans passed for the winning touchdown.

Tonight's game is the game of games for which both teams have been pointing since the start of the season. This is the fourth year the Blue Devils and the Rams have met on the gridiron. The Blue Devils won the first and second year and the two teams fought to a tie score last year. This year the Rams, a heavier and more experienced team than the Blue Devils, are favored to win.

The Rams have a season record of six wins, one tie and three defeats. In addition to having a better season's record the Rams are completing a slightly tougher schedule than that of the Blue Devils.

A souvenir program has been printed for the game. An elaborate program is being planned for entertainment on the field between halves and the presentation of the Lions Trophy to the winning team at the end of the game will be replete with pomp and ceremony. And so ends another football season for both teams.

### Handsome Program Prepared For Game In Belle Glade Tonite

A handsome souvenir program has been prepared by members of the Belle Glade and Pahokee athletic councils for tonight's game between Pahokee and Belle Glade. The programs will be offered for sale at 25c each.

Printed in the office of the Belle Glade Herald by Luke Jones and his crew of workmen, the program is a beautiful piece of work and will make a dandy souvenir for oldsters and young folks alike. It carries many pictures of coaches, teams, cheer leaders, bands and everything that is needed to make up an interesting souvenir program.

### New Grid Field Will Be Dedicated After The Game Tonight

The recently constructed football field in Belle Glade will be dedicated between halves tonight at the Belle Glade-Pahokee annual football classic. An appropriate program has been arranged by officials of the Belle Glade athletic council.

The field was built during the summer and fall and was opened for night play only a few weeks ago. Several thousands of dollars were spent by the council in making it one of the finest fields in South Florida.

This is the fourth year that Belle Glade high school has put a team on the field and athletic field dedicatory services tonight will mark another milestone in a fast growing high school and community.

Mrs. L. M. Mullis was called to West Palm Beach on Monday because of the illness of her mother, Mrs. Kate Hamilton.

### F. E. Bryant Victim Of Heart Attack At Sugar Co. Office

F. E. Bryant, 73, vice president of the United States Sugar Corporation and superintendent of the eastern field division, died in his office at the Azucar plantation of the company at four o'clock Thursday afternoon. Mr. Bryant was stricken a few minutes before while on a routine inspection trip of the sugar cane fields and was taken to his office where death came almost immediately. Death was attributed to a heart attack.

Mr. Bryant was born in England in 1872 and came to America in early manhood and spent several years in western states before coming to Florida as a real estate operator. He with one of his brothers, along with Messrs. Greenwood and Anderson were founders and developers of the City of Lake Worth. He first came to the Everglades section of Palm Beach county in 1909 and in 1920 he started the first sugar cane growing venture which resulted in erection of the first mill at Azucar.

Mr. Bryant and his associates founded the Florida Sugar and Food Products Company which was later absorbed by the Southern Sugar Company. The Southern Sugar Company in turn was taken over by the present U. S. Sugar Corporation and Mr. Bryant has remained with the concern through the years. He is known throughout Florida as the father of the sugar cane industry in the Everglades.

The deceased is survived by his wife in Palm Beach, two daughters, Mrs. Stafford Beach of Palm Beach and Mrs. F. Deane Duff of Clewiston. Funeral arrangements are in charge of the Ferguson Funeral Home in West Palm Beach. Brothers, one of whom lives in England, also survive.

## RARDIN WILL SUGGEST NEW GLADES ROADS TO STATE HIWAY BOARD

County Commissioner Paul Rardin will make several recommendations to the State Road Department for much-needed work in the Everglades section of Palm Beach county when the department members meet early in January. Rardin's recommendations will be consolidated with those of the other Palm Beach county commissioners and the requests will be presented to the road board in form of a resolution.

First and foremost among the local commissioners' recommendations will be a request for a brand new rock-to-rock road between Belle Glade and the Pahokee-Canal Point area. This road would be built on the Road 26 plan with all muck being removed and rock being hauled in or dug from a neighboring canal.

Other recommendations to the state board, with no degree of importance being noted in their listing, are as follows: State Highways

Rebuild Conner's highway in an easterly direction from its intersection with State Road 353 to 20-Mile Bend, a distance of approx-

imately 15 miles.

Take over State Road No. 496 for maintenance and resurface entire length. The road is known in the Pahokee area as the State Market Road.

Resurface State Road 143 through Pahokee from Florida Power and Light Plant to Stuckey's railroad crossing.

Farm To Market Roads

Continue construction of State Road 172 from Chosen packing house area to U. S. Government levee for a distance of approximately 3 miles.

Build rock road on top of muck with hard surface from Okeelanta east to Six-Mile bridge, a distance of approximately 9 miles, over recently designated State Highway.

Build rock road on top of muck from State Road 25 to Bolles canal, over locally known Migratory Camp Road, a distance of 4 miles.

Locate and build rock on top of muck road with hard surface at a point about half way between Belle Glade and Pahokee to run from State Road No. 143 to Conner's highway.

### Work Started On Conners Hiway Job

Work started this week on rebuilding a 5.4 mile stretch of Conners highway east from Canal Point. The work is being done by the successful bidder, the John A. Benton Construction Company of St. Petersburg.

The shoulders of the road will be built up from material being dug from the country rock pit near the state market, according to County Commissioner Paul Rardin. The county agreed to furnish the rock for the shoulders several weeks ago in order to speed up the rebuilding job, Rardin said.

### Special Program By Pahokee PTA Monday, Dec. 10th

The Pahokee Parent-Teacher Association will conduct its December meeting in the high school auditorium on Monday night, Dec. 10, at 8:15 p. m. Mrs. Frances Harlow, program chairman, will present a special Christmas program. Carl A. Moberg, president, will preside at the business session and Mrs. Homer Barnes, hospitality chairman, will be in charge of refreshments during the social hour following the program.

### Our Poor President

If you haven't enough financial worries of your own, consider the plight in which President Truman finds himself as he tries to get along on a salary of only \$75,000 a year.

Despite the fact that his salary is at least \$73,000 greater than that received by the average American there is a strong probability the president will come out of the White House in debt, according to an article in Collier's by Jonathan Daniels, until recently press secretary in the White House.

First of all, the president has to pay \$46,000 in federal taxes. Then there's the matter of personal expenses at the White House over and above those met by the government. That item amounts to approximately \$25,000. By adding \$1,000 for Missouri state taxes, you have already nicked the president's salary a total of \$72,000, leaving him only \$3,000 for incidentals—and the author of the Collier article says these incidentals exceed \$3,000.

Some of the presidents, including Franklin Roosevelt, Hoover and Harding, had private means, and so they didn't have to be greatly concerned over presidential penury, but President Truman is not a man of wealth. His career has been one of politics. His venture in the haberdashery business was a failure, and there's seldom great wealth in clean politics.

If by now, our president's poverty-stricken status has begun to depress you, you can pull yourself up by considering the fact that he didn't have to take the job, that he has the most honorable job in the world, and that, anyway, a fellow can't have everything.—Lakeland Ledger.

### Thinks Gas Tax All Should Go To Roads

JACKSONVILLE — Glen P. Woodward, Jr., Executive Secretary of the Florida Petroleum Industries Committee, pointed to the recent elections in Kentucky and Pennsylvania, where voters piled up overwhelming majorities in favor of constitutional amendments prohibiting the use of highway funds for nonhighway purposes, as an indication of public feeling in this regard.

In view of the fact that these amendments passed by a vote of three to one shows conclusively that the people feel that gasoline tax revenue should be used only for highway construction and maintenance.

Mr. Woodward attributed the sweeping accorded the measures in both states to a desire on the part of the public to safeguard road funds against dissipation in order to insure their availability for highway construction projects as a cushion against unemployment and the deteriorated condition of highway systems caused by heavy wartime traffic.

Florida is now diverting \$14,000,000 or more than 43 percent of the total motor vehicle taxes to purposes other than highway construction and maintenance.

Mr. Woodward contends that would be a wise policy for Florida to follow the lead of these states in providing a safeguard for highway funds, prohibiting their misuse by diversion to other purposes.

#### WHAT IS SAND?

Sand grains can have diameters of no more than 1.5 millimeters and no less than .05 millimeter. Rock particles above this limit are gravel. Anything below the limit is classed as silt or clay.

Automobile manufacturers estimate that it will take three or four years to settle all of the demands for new cars.

## THOUSANDS OF ARMY VEHICLES USE SINCLAIR LUBRICANTS

In saving wear and avoiding breakdown the U. S. Army uses Sinclair lubricants in many "Jeeps", tanks and other vehicles. Your Sinclair Dealer has the same quality lubricants to reduce wear in your car.

To save engine wear he has Sinclair Opaline Motor Oil. Opaline stands up better and lasts longer because it is not only de-waxed but also de-jellied. Play safe, have your Sinclair Dealer drain and refill your crankcase with Opaline every 1,000 miles.

## Life On The Campus

AT PAHOKEE HIGH SCHOOL

The students of the school contributed generously to the Junior Red Cross Drive. According to an announcement by Mr. Caudill, the total this year of \$132.41 more than doubled the quota for the school. The fourth grade led the entire school with a donation of \$18.75. The drive ended in the high school with the Freshmen reporting a collection of \$1.04; the Sophomores, \$13.45; the Juniors, \$8.42; the Seniors, \$10.67.

Monday, December 3, marked the opening of the Tuberculosis Drive. Early reports indicate that the students are again giving generously to this worthy cause.

Basil Todd, President of the Senior Class, has recovered sufficiently from a serious illness to attend school.

Billy Rawls, a Junior, has gone to Jacksonville to consult a back specialist.

Mrs. Froemming has resigned from the faculty to return to Whitewater, Wisconsin, where she and her husband will make their home upon his return from the Pacific and discharge from the Signal Corps. On the last day Mrs.

Froemming met her classes, she was honored by her students with a party and farewell gift.

The students are very happy to extend a cordial welcome to Mrs. Ralph Grimes, who is filling the vacancy in the Commercial Department.

Mrs. Colson, the school librarian, has influenza. Members of the student body miss her, and hope that she will return soon.

Mr. Ferguson, the Methodist Minister, introduced Mr. Barnette in assembly Monday afternoon. Mr. Barnette spoke on the injurious effects of alcohol. He stressed the fact that alcohol, even taken in minute quantities, dulled the brain and retarded nerve reaction. Scientific facts proved by experimentation and illustrative cases made his talk very convincing.

Friday night is the "Night of Nights" for Pahokee High School. At 8:15 P. M. on the Belle Glade Football Field, the Pahokee Blue Devils clash with the Belle Glade Golden Rams in the traditional "Bean Bowl" classic. The cup, given by the Lions clubs of Pahokee and Belle Glade to the winning team, is on display in the school patio. Pahokee has kept this cup for the past two years.

It is estimated that shoppers return one-eighth of the goods they buy in department stores.

Dechman was the son of Mr. and Mrs. Tom Dechman, former residents of Canal Point and Pahokee where Mr. Dechman was engaged in the produce business.

## Meals Are Offered By Liquor Bars

TALLAHASSEE—Beverage Director James T. Vocelle said Tuesday there appeared to be general compliance with his campaign to enforce an old law requiring all bars to have facilities for serving food to their customers.

He has served notice to bar room operators to comply with the law by Dec. 1 or run the risk of having their licenses revoked.

The law provides that "at all places of business where sales by the drink or for consumption on the premises are permitted, regular meals shall be offered, prepared and served either a la carte or American plan."

S-Sgt. Marvin Vandergrift, paratrooper in the U. S. Army, received his discharge at Camp Blanding on Tuesday of last week. He spent 31 of his 35 months in the service on overseas duty.

Among the men who landed in North Africa on May 10, 1943, he participated in the North African, Sicilian and Italian Campaigns and later took part in the

liberation of Holland. As a member of the 82nd Division he made 13 invasion jumps. There are six battle stars and an arrow head on his ribbons and in addition he has a Division Citation with cluster and decorations from Belgium and Holland.

He is now at his home in Pahokee with his parents, Mr. and Mrs. Jim Vandergrift.

## HOME From The WAR

Cpl. Whitt Brewton is at home in Pahokee with his parents, Mr. and Mrs. W. H. Brewton after serving Uncle Sam for 3 years and 25 days. He received his discharge at Camp Blanding on Dec. 1. Whitt was overseas 32 months out of the 36 he was in the service. He saw service in North Africa, Sicily, France, Belgium and Germany. During the time that Whitt was away from home he received The Everglades News regularly and from its columns kept up with things in the Lake Okeechobee Region. So, when you see Whitt you can rest assured that he knows almost as much as those of us who stayed at home about what happened during the past three years. From talking to Whitt for just a few minutes one is led to believe that his travels in the future aren't going to take him far from home. In fact, a trip to Sand Cut will be considered long distance traveling by him for many months to come.

Mr. and Mrs. William Rice and small son arrived in Canal Point Wednesday afternoon after an absence of three years while he was in the service of Uncle Sam. He saw service in North Africa and Italy. Mr. Rice is a former employee of the U. S. Sugar Corporation at Azucar and it is highly probable that he will go back to work with that organization. He has been discharged.

Edwin Rice, who was recently discharged from the Navy, arrived home on Tuesday of this week. His mother, Mrs. Pauline Rice, his nephews, Walter Ray and David Fountain, and Mrs. G. B. Ramey motored to West Palm Beach to meet him.

R. A. Hewell, Warrant Officer in the Navy, son of Mr. and Mrs. R. H. Hewell, left Wakayama, Japan Oct. 20th and is on leave at the home of his parents in Canal Point. Hewell has been in the service ten years, nine of which he spent in the South Pacific, and one year in the Atlantic.

He wears the following ribbons: American Defense with one star, Asiatic Pacific with seven stars, American Theatre, European Theatre, Philippine Liberation with one star, Victory Medal and good conduct ribbon.

William M. (Bill) Crews, AMM1-c, is at home in Pahokee after a couple of years in the U. S. Navy. Bill was in some of the hot spots during the Pacific campaign. He was on Tinian and saw action on Okinawa. He was stationed at Pearl Harbor for some time. He was discharged at Jacksonville on Monday, Dec. 3.

Francis A. Wilson is home with a discharge after 37 months in the Seabees. He spent 8 months of his time overseas in Hawaii. He was discharged on Nov. 28 at the Naval Convalescent hospital in Palm Beach.

Lawton W. Vann is the guest of his brother-in-law and sister, Mr. and Mrs. A. J. Ludeman, in Pahokee. Mr. Vann was recently discharged from the Army in which he held the rank of sergeant. He served overseas in the European Theatre.

Sgt. Gus Studstill, formerly of Canal Point, has received his discharge from the Army after four years in the service and 35 months in the Pacific area. He and his bride, whom he married recently in Massachusetts, visited relatives here the past week. They are making their home in Fort Myers.

Morris Tiffin of Jacksonville visited relatives and friends in Pahokee over the weekend. Mr. Tiffin was recently discharged from the Marine Corps after four years in the service and a year in the Pacific area. He is now engaged in the truck transportation business operating between South Florida and New York.

## WOMEN'S ACTIVITIES

### Justice-Smith

Mr. and Mrs. B. B. Justice of Pahokee announce the engagement and approaching marriage of their daughter, WAVE ERMA JUSTICE SFX 3-c, to Ensign Doyle W. Smith, USN, of Shreveport, La.

Miss Justice is a graduate of Pahokee High School and Bell Ties Commercial College, West Palm Beach. Before the listing in the Waves a year and six months ago, she was employed in the fingerprint department of the West Palm Beach Police Department. She received her boot training in New York and is now stationed in Washington, D. C.

Ensign Smith is a graduate of Louisiana State University. The date of the wedding will be announced later.

### Lewis-Harlow

Miss Gene Harlow, daughter of Mrs. McDonald Harlow of Pahokee, and Dr. Charles William Lewis, Jr., Greensboro, N. C., were married at Duke Chapel, Durham, N. C., on Nov. 10. The vows were read by Rev. David Yates, student rector of the chapel.

The bride wore a street-length dress of blue crepe with black accessories and carried a prayer book centered with orchids. Her attendant, Miss Dorothy Boring of Plant City, was in yellow jersey with matching accessories and carried a bouquet of yellow and bronze chrysanthemums. Charles W. Lewis, Sr., father of the groom was best man.

Following the ceremony a reception was held for the bridal couple in the Blue Room of the Washington-Duke Hotel.

Mrs. Lewis is a graduate of the School of Nursing, Duke University, and during the past year was a member of the nurses staff at the Everglades Memorial Hospital, Pahokee.

Dr. Lewis is a graduate of Duke University Medical School and at present is an intern at Strong Memorial Hospital, Rochester, N. Y. The couple are now at their home in Rochester.

### WSCS PROGRAM

The Christmas program of the Pahokee Methodist WSCS will be presented at the church on Monday afternoon, Dec. 10, at 3:30 o'clock. Guest speaker will be Rev. Oliver Hatfield, pastor of the Canal Point Methodist Church, who will give a talk on "Making Jesus and His Teachings A Reality in International Life." New officers will be installed at this meeting.

### Ceremony Will Attend Trophy Presentation

Appropriate ceremony will attend presentation of the "Bill Young Memorial Trophy" at the close of the foot ball game tonight between Belle Glade and Pahokee. The ceremony will be held immediately after the final whistle at which time members of the Belle Glade and Pahokee Lions clubs will make the presentation.

Should Belle Glade win the game the Lions trophy will be presented to the two Belle Glade sponsors, Peggy Rawls and Sue Cherry by Paul Rardin. Should the Pahokee team win, the trophy will be presented to the Pahokee sponsors, Betty Wetherington and Barbara Brown.

### CHRISTMAS PROGRAM

The Pahokee Woman's Club will conduct its annual Christmas program at the clubhouse on Tuesday night, Dec. 11, starting at 7:30 p. m. The program will be under the direction of Mrs. J. R. York, American homes chairman, and Mrs. B. Elliott, Bible chairman. Mrs. B. J. Barwick, president, will preside at the brief business session.

### Young Spooner Got Here On Dec. 3, Uncle Cracker's Birthday

Mr. and Mrs. Hub Spooner of Clewiston announce the birth of a son at Good Samaritan Hospital, West Palm Beach, on Monday, Dec. 3. The youngster has a very proud uncle in Pahokee by the name of Leon "Cracker" Spooner. This is Leon's first nephew and, by cracky, he don't do nothing less than make his debut on Cracker's own birthday, Dec. 3.

### Mrs. Emmett Wilson Buys Best In Town

Mrs. E. W. Wood, proprietor of Best-In-Town Cafe in Pahokee for the past eight months, has sold her interest in the cafe to Mrs. Emmett Wilson. The cafe was closed over the weekend for painting and redecorating of the interior and was re-opened by Mrs. Wilson on Wednesday of this week.

The Florida East Coast Railway is adding 150 yards of siding to its "team" track immediately south of the Pahokee-Canal Point Station. The work is being done by Troup Brothers, contractor.

### Mrs. Frasure Has Birthday Party

**The Old Gray Sedan...**  
*She ain't what she used to be!*

**M**ost American automobiles in use today cannot long bear up under high-speed driving. Tires have been driven far beyond their normal life. High speeds may cause sudden, fatal breakdowns.

Even if we all had a brand new super-deluxe, we would still need to drive very carefully. "A sudden return to pre-war driving speeds," warns the National Safety Council, "may well produce an accident toll far greater than the pre-war

peak of 40,000 deaths and 1,400,000 injuries reached in 1941"

The Belcher Oil Company suggests this slogan for all motorists: "Stay at 45 . . . and stay alive!" And you can paste that on your windshield!

"Me... I'm staying  
in the Army!

★  
THERE ARE PLENTY  
OF REASONS...  
AND HERE THEY ARE!"

1 "First, I keep my present grade. That means a lot.

2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.

3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.

4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 260 skills or trades in the Army schools.

5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.

6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added up—reenlistment seems pretty sound to me!"

## JANUARY 31, 1946

AN IMPORTANT DATE  
FOR MEN IN THE ARMY

MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 20 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1½, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

## PAY PER MONTH—ENLISTED MEN

In Addition to Food, Lodging, Clothes and Medical Care

(a) — Plus 20% Increase for Service Overseas. (b) — Plus 50% if Member of Flying Crews, Parachutist, etc. (c) — Plus 5% Increase in Pay for Each 3 Years of Service.

	Starting Base Pay	MONTHLY RETIREMENT INCOME AFTER:	
	Per Month	20 Years' Service	30 Years' Service
Master Sergeant or First Sergeant	\$138.00	\$89.70	\$155.25
Technical Sergeant	114.00	74.10	128.25

## Cinematic Chatter

By Malcolm Millar

One of the most delightful love stories that I have ever sat through will be screened at the Prince Theatre this coming Sunday-Monday when "Those Endearing Young Charms" moves in with Robert Young and Loraine Day and a swell cast of the cleverest Hollywood featured players.

If you really want to hear some up to the moment repartee and snort at some of the most original situations ever crammed into a picture . . . Or let me put it this way . . . If you want to see how a very delightful wolf works and how a very charming little lambkin is taken in by this horrid creature, don't you fail to see "Those Endearing Young Charms".

Tuesday-Wednesday brings a story that will delight the old timers and please all the young 'uns. This one is "The Great John L." which tells the story of one of the greatest of all time heavy weight fighters.

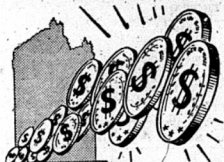

Greg McClure is the star of this picture, playing the title role. He is young, good looking, new to pictures and certainly good to look at. He has poise, voice and personality, so I look for the boys and girls to like this youngster. His leading lady is lovely Linda Darnell.

On the same bill with this one is "Ten Cents a Dance", starring Jane Frazee and Jimmy Lloyd and boasting a very imposing cast of supporters, in the unreeling of the story of a dance hall and its little family of rug cutters, known as hostesses. From the story and from the cast I would say here is a picture that you will want to see.

Thursday - Friday, "Midnight Manhunt" moves in with William Gargan and Ann Savage. This is a dramatic story that will be loaded with suspense and climaxes that will raise the hair right on top of your pate.

On the same program Willard Parker, Anita Louise and a swell supporting cast are doing "Fighting Guardsman" which has an interesting story that I would say has been provided with ample opportunity for some thrilling moments.

Saturday brings Johnny Mack Brown and Raymond Hatton in "Partners of the Trail", which is a thriller-diller for every member of the six shooters gang. See you at the movies—Mal.

## HERE'S PEACETIME BUSINESS

The magic of the mind is imagination. Imagination transformed America from a wilderness to the greatest industrial and agricultural power on earth. Imagination—plus courage and determination beat the Germans and the Japs.

Imagination will help win the peace, too. For winning the peace can be summed up in one word, prosperity! Yes, prosperity for all and prosperity means jobs. Who makes jobs?

They come from American enterprise. And the Telephone Company is proud to be a part of that enterprise. Because thrilling days lie ahead—big days that mean future prosperity for Floridians.

The 5,125 men and women of the Telephone Company in Florida are now putting into effect the greatest expansion program in their history in this state, calling for an expenditure of millions of dollars. Their imagination did not go to sleep during the war years. It remained awake at the drawing boards.

Blue prints are leaping to life with telephones for all who have been waiting for them, just as fast as we can secure the equipment. This is one of our top jobs! Telephones for our farmer and rural friends are also being swiftly scheduled. A greatly expanded long distance service is in process, too. It will include the installation of coaxial cables so we can handle more calls with greater speed and convenience for you, and provide more facilities for television. A lot of construction is to be done and a new service to motor vehicles is also in the offing.

What does it all mean? For one thing, it means a continuation of the pleasant, progressive partnership of the people of Florida and the people of the Telephone Company. Telephone folks are happy to be a part of this vast program that will lend so much impetus to the state's own industrial and agricultural expansion plans. As we see it, the future beckons Florida with a busy, prosperous hand!

### Urges More Interest In War Fund Drive

MIAMI—Florida is still short of her goal in the National War Fund drive and State manager Ed Baker in a Thanksgiving Day appeal urged the people of Florida to stop and consider how fortunate they are in comparison with the peoples of other nations. He urged that they show their thankfulness by contributing generously to those agencies that are doing so much to relieve suffering throughout the world. "We should be grateful," he points out, "that it is our privilege to give this help to others rather than experience the terrible anguish and suffering that is the lot of so many unfortunates today."

If everyone would be prompt in giving something now, the quota could be met and this final WAR FUND drive completed with the quota over-subscribed. Our service men and women didn't quit until their job was done, can we do less for them?
